### INSPECTION RESPONSE TIMES

**Effective July 1, 2006**

The following inspections called into the IVR system before 7:00 a.m. will be added to the log for that business day.

|                                    |                         |
|------------------------------------|-------------------------|
| Erosion                            | Pre-Construction        |
| Structural                         | Mechanical              |
| Plumbing                           | Electrical              |
| Fire                               | Zoning (final pending)* |
| Parking/Landscape (final pending)* | Final Sign**            |

We strive to complete all inspections on the requested date. If a high volume of requests are received, inspections may be held over until the next inspection day and on rare occasions could be held an additional day.

**\*Zoning and Parking/Landscape** (no final pending) inspections will be performed **within two business days** from the scheduled date.

**\*\*Final Sign** inspections will be performed within **five business days**.
